**A. APPLICABILITY/ACCOUNTABILITY:**

This policy applies to all undergraduate students who are taking or have taken coursework at the University.

**B. POLICY STATEMENT:**

The University has established minimum academic standards to which all students must adhere. Academic standing defines academic progress as it is indicated on student records and how the status will affect a student's academic progress at the University. When a student is not in Good Academic Standing, the student's academic standing is denoted on his/her student record. The Office of the Registrar will notify the student of the change in academic standing via email to the student's University email account.

Status of "Academic Suspension" or "Academic Dismissal" prohibits a student from participating in extracurricular activities, while status of "Academic Warning," "Academic Probation," or "Academic Probation after Suspension" do not specifically prohibit a student from participating in extracurricular activities, unless otherwise specified by University policy, regulation, or by-laws governing the activity or organization.

**C. DEFINITIONS:**
